

Our eTender portal

Primary Health Tasmania's tendering processes are managed electronically through our eTender portal at www.tenderlink.com/primaryhealthtas.

We use this portal to manage notifications with suppliers, distribution of tender documents, and the evaluation and selection of bids.

The portal is provided by TenderLink, which is a central gateway for the advertisement and management of tenders, requests for quotes (RFQs) and expressions of interest (EOIs) published by more than 500 of Australasia's leading government, public and private sector procurers.

The portal sends an email directly to registered suppliers each time a new tender, RFQ or EOI is released. If you are interested, you will be able to download the tender documents directly from the portal.

The benefits for you

- You receive immediate electronic notification of all new tenders, RFQs and EOIs relevant to you.
- You have less chance of missing new tender opportunities from Primary Health Tasmania.
- You are notified of all relevant tenders through one single email communication.
- You have immediate access to relevant documentation to better understand the scope and details at the earliest possible stage.
- You can respond electronically via the secure eTender box, saving time and money associated with printing and delivery.
- You can complete and submit bids online, with electronic acknowledgement and receipting.
- You can participate in online tender forums.
- **Registration is free.**

What you need to do

- Go to www.tenderlink.com/primaryhealthtas
- Click on the 'Registration' tab on the menu bar at the top of the page
- Complete the Registration Wizard.

If you need help with registration, call 1800 233 533 or email support@tenderlink.com.
