

# Invitation

## My Health Record *Privacy, Security & Medico Legal*

**For: General Practitioners & Registrars,  
Pharmacists, Practice Nurses, Practice Managers  
& Medical Students attached to general practice**

Primary Health Tasmania has partnered with the Australian Digital Health Agency to support provider readiness, communications and community engagement for the My Health Record expansion across Tasmania.

**We invite members of general practice and pharmacy to come together and explore security aspects of the My Health Record System, as well as some of the medico legal issues that are relevant to the use of My Health Record in healthcare organisations.**

This forum will provide a good opportunity to ask questions directly with the Australian Digital Health Agency, about a range of topics.
