

# HIV PrEP update for GPs and Practice Nurses

## Learn how to prevent HIV by prescribing PrEP in primary care

Wednesday, 16th of October 2019

Rydges Hobart, 393 Argyle Street, North Hobart

6:15pm Registration, Presentation 6:30pm—9:15pm

This course is FREE. Dinner will be provided.

This training will provide GPs, Nurses, and Health Professionals working in primary care an update on strategies available for the prevention of HIV transmission, focusing on pre-exposure prophylaxis (PrEP). This training will also cover how to screen for PrEP eligibility, monitor patients on PrEP, and how to prescribe PrEP.

### Learning Objectives

It is expected that after attending this session you will be able to:

- Describe HIV epidemiology in Australia and the different HIV prevention strategies
- Explain the role of HIV treatment and management
- Provide patient education on the effectiveness and appropriate use of PrEP/PEP
- Identify the prescribing pathways of PrEP within your local jurisdiction
- Implement different HIV prevention strategies

This evening educational session will be presented by **Clinical Associate Professor Louise Owen**, of Sexual Health Services - Tasmania .
