

Are you living, or caring for someone with dementia?

Go into a draw to

WIN a \$200 gift voucher

It's not always easy to find the services, information or support you need, even when you or your loved one are first diagnosed.

You can help us do something about this by taking a quick survey. You'll need only 20-minutes, and you'll go into a draw to win a \$200 EFTPOS card.

The survey is about your experience with your doctor and what information and support services you have found helpful. Were there any that you needed, but couldn't find?

Primary Health Networks in Victoria and Tasmania will use this information to help improve the way doctors support people with dementia.

Scan the QR code to go to the SURVEY
