## GP CLINICAL EDUCATION

### Cardiology at the interface of primary and secondary care – session four

**Webinar**  
**Wednesday 3 September**

*RACGP and ACRRM approved activity 1.5 hours*

6.30-8pm

As part of the Cardiology at the Interface of Primary and Secondary Care webinar series, this 90-minute interactive session will explore the evolving landscape of lipid management in cardiovascular disease prevention.

This session will delve into the key role of LDL in the development of atherosclerotic cardiovascular disease, the selection of patients for treatment, and the use of modern therapies to optimise LDL lowering and improve patient outcomes.

## MULTIDISCIPLINARY

### Treatment resistant depression – hybrid event

**Webinar**  
**Monday 8 September**

*RACGP and ACRRM approved activity 1.5 hours*

**F2F:** 5.30pm arrival for refreshments – 8pm

**Online:** 6 -8pm

In this session leading experts will review the concept of TRD, outline key factors in assessment, and discuss locally available treatment options in this expanding field including adjunctive pharmacotherapy and psychotherapy, esketamine nasal spray, TMS, and Electroconvulsive Therapy (ECT). Public and private referral pathways for treatment, including options for obtaining psychiatric advice and review, will be discussed by the panel. The use of the Tasmanian HealthPathways to support care and referrals will be highlighted. Questions can be pre-submitted or asked on the evening.

## MULTIDISCIPLINARY

### Palliative Care ECHO series

**Webinar**  
**Friday 12 September**

2.20 – 3.10pm

As part of Palliative Care Australia's 2025 Oceanic Palliative Care Conference, this session is very special edition: The World's Biggest Palliative Care ECHO.

Palliative Care ECHO is a series of interactive case based virtual mentoring sessions that address a range of palliative care topics. The session will include a deidentified case discussion to provide a foundation for learning, along with a 10-minute lecture aimed to increase palliative care knowledge, skills and confidence in primary care health professionals.

## ALLIED HEALTH PROFESSIONAL

### eReferral for optometry information session

**Webinar**  
**Tuesday 16 September**

5.30 – 6.30pm

Join us for an information session tailored for Optometrists to explore the benefits and practicalities of using eReferrals. As the largest referring allied health profession into the Tasmanian Health Service, Optometrists play a key role in the success of this digital transformation.

## PRACTICE MANAGERS
